

The Committee is in receipt of the Commission's letter dated Jan. 16, 2008 regarding the 2007 September Monthly report.

In response to your request,

1. The receipts for the sale of the voter file were assessed the usual and normal charge. The usual and normal charge is based on true market value determined by the actual cost of data and data manipulation by the Committee.
2. All payroll related expenses reported on Schedule H4 supporting Line 21(a) were for the benefit of employees that spent 25% or less of their compensated time on Federal activity.
3. All disbursements for treasury and compliance services on Schedule H4 were paid to an individual that was not an employee of the Committee.
4. The Committee will refer to the instructions for each line when determining the proper categorization in future filings.
